PROTECTING TROPICAL RAINFORESTS
THROUGH RESEARCH AND EDUCATION

The Skyrail Rainforest Foundation's logo was inspired by one of Australia's Tropical Rainforests' rare plant species, the Medinilla (Medinilla balls-headleyi). The Medinilla is a rare and threatened plant which is considered regionally significant to Tropical North Queensland: it is only found in the wet lowland rainforests from Tully to northern Cape York Peninsula. Its distinctive berries and leaf are the basis of the Skyrail Rainforest Foundation's corporate logo.

Our Vision

“The protection of tropical rainforests worldwide through sound management, understanding and appreciation through research and education.”

Our Objectives

The Skyrail Rainforest Foundation was established with the primary objective of raising and distributing funds to support tropical rainforest research and education projects.

The Foundation’s funds are utilised to support and initiate a variety of studies and projects with a specific focus on:

- Pure research aimed at understanding rainforest flora and fauna, ecosystems, processes and biological interactions.
- Applied research towards improved management and use of rainforest environments around the world.
- Education and communication to improve the global understanding and appreciation of tropical rainforest environments, contributing to greater awareness and improved management and protection.
- Assisting projects where the primary objectives are to protect, present, conserve or rehabilitate tropical rainforest, its flora or fauna.

Research

The Skyrail Rainforest Foundation is committed to establishing, conducting and carrying on tropical rainforest research programmes, with a particular focus on:

- Studies of rare and endangered rainforest fauna and flora.
- The biology and ecology of rainforest canopies.
- The interdependence between species.
- The maintenance of rainforest biodiversity.
- Effective management techniques to minimise the impacts of rainforest tourism.
- The benefits of rainforest species to medical research.
- The goods and services, including clean air and water, provided by rainforest ecosystems.

Education

The Foundation’s funds are used to contribute to various education programmes, to assist the community in understanding and appreciating the value of tropical rainforests throughout the world. Specific areas of focus include:

- The production of management guides and best practice literature for rainforest managers.
- Educational resources, computer websites and lesson kits for schools.
- Translations of existing educational material for non-English speaking people.
- Seminars, publications and conferences for the general community.

Skyrail Rainforest Foundation Limited (ABN 95 109 592 814) and its public fund, Skyrail Rainforest Research Fund, was entered into the Register of Environmental Organisations on 26th August 2005. It is entitled under the Income Tax Assessment Act 1997 item 6.1.1 of subsection 30-55(1) to receive tax deductible donations.

Chairman's Report

The Skyrail Rainforest Foundation seeks to promote better understanding, appreciation, management and protection of tropical rainforests by funding and supporting rainforest research and education.

The Foundation has funded and supported a large variety of valuable research projects predominantly within the Wet Tropics of North Queensland World Heritage Area and vicinity since its founding in 2005. Many of these projects have already resulted in new insights and improved management practices and even rediscovery of a species thought to be extinct. The support of the Foundation is also helping to build scientific and management capacity in North Queensland which we believe has great benefits to long term protection and management of the World Heritage Area.

In the year under review some \$26,780 was paid out in support of projects approved in the previous year involving studies into:

- Feral Cats
- Northern Bettongs
- Impacts of climate change
- Drought impacts on rainforest communities
- Thermal adaption of mountaintop endemic plants
- Conservation and development trade-offs

A further \$20,752 of funding was approved for a broad range of research projects involving studies into:

- Soil microbial communities and biodiversity
- Melomys
- Geckos
- Thermal adaption of mountaintop endemic plants
- Genetics and diversity of restored rainforest communities

The Skyrail Rainforest Foundation is also managing an exciting new collaborative research project on behalf of the Wet Tropics Cooperative Research Partnership which is an innovative new venture comprising the Skyrail Rainforest Foundation, Wet Tropics Management Authority, Queensland Parks and Wildlife Service (Department of Environment & Science) and Terrain Natural Resource Management Ltd. The partnership is funding an exciting Aboriginal knowledge project on the Wet Tropics' Atherton Tablelands involving eight traditional custodian groups, Tablelands Regional JCU & CQU.

This research has been identified as a strategic priority by the four partner organisations and Traditional Owner groups within the Wet Tropics. Traditional Owners in the Wet Tropics have developed a deep understanding of the country over many thousands of years and the project recognises the importance of this biocultural expertise and seeks to facilitate the integration of traditional knowledge and practices into future land and water management techniques across the region.

This partnership model is an important and very positive innovation for rainforest research and management in the region and we are very pleased to be taking a leading role in driving it forward.

2019 ANNUAL REPORT

Chairman's Report

Each year the Foundation's research priorities are set by and research projects to be funded are competitively selected by the Public Fund Management Committee. Committee members are Clive Cook, Chris Margules, Steve Turton and Craig Pocock who give their time voluntarily for the cause and deserve our very sincere thanks for their efforts and outstanding contribution. Thanks also to Emma Lucas who is the administrator of the Foundation on a day to day basis.

The work of the Foundation continues to be underpinned by the financial and administrative support received from the Skyrail Rainforest Cableway with substantial donations and support also received from tourists and visitors and some hundreds of members of the Foundation. Thank you sincerely to all the members and supporters of the Foundation who made this possible. We look forward to continuing this good work into the future on your behalf.

Ken Chapman
Chairman

Board of

Management

The Board of Management is responsible for day to day management of the Foundation and implementation of the decisions of the Public Funds Management Committee. Appointments to the Board of Management are for a term of one year, commencing at the Annual General Meeting and concluding at the Annual General Meeting in the following year.

The Board of Management shall comprise no more than five members of the company. At each Annual General Meeting of the Company, Skyrail Rainforest Foundation Board of Management appoints are made as follows: one appointment by the Members, up to two appointments by the Public Fund Management Committee and up to two Members by Skyrail Pty Ltd.

The Board of Management of the year 2018/2019 comprised:

Kenneth George Chapman

Chairman
MB BS FAICD FAIM AFRACMA
Director of various public and private companies
and statutory bodies for over 20 years

Karen Anne Hawkins

Director
Bachelor of Science
Director of various private companies for over 20 years

Barrie Collins

During the year four meetings of the Skyrail Rainforest Foundation Board of Management were held.

Public Fund

Management Committee

The Public Fund Management Committee oversees the dispersal of the Skyrail Rainforest Foundation's resources to projects satisfying its core objectives; namely those which support tropical rainforest research and education.

The Committee consists of members from various education, environmental, scientific, government and private companies.

Public Fund

Management Committee Members

The Public Fund Management Committee Members for the year 2018/2019 comprised:

Dr Ken Chapman

Ken is passionate about tropical rainforests, their protection, preservation and value to the international community as a scientific, recreational and educational resource. He is Chairman of Skyrail-ITM and a director of the Chapman Group. He is also Chairman of the FNQ Hospital Foundation, a director of Event Hospitality and Entertainment Ltd and was a former director of the Co-operative Research Centre for Tropical Rainforest Ecology and Management for many years.

Mr Clive Cook

Clive has a long association with Australia's tropical rainforests and is both personally and professionally passionate about preserving, managing and sharing knowledge about these special places. After a distinguished career of executive leadership in managing national parks and other protected areas across Australia and New Zealand, Clive is now the University of Queensland's Course co-ordinator in the Protected Area Management course in the School of Earth and Environmental Sciences, lecturing and tutoring undergraduate and postgraduate students. He is also busy running a consultancy business. As a member of the Foundation, Clive is enthusiastic about working with the committee and believes that brokerage and support for the best research and encouraging students and research faculties to inform management of these extraordinary places remains one of the most positive influences the committee can contribute to.

Mr Craig Pocock

In a career spanning over 20 years, Craig has developed a unique and extensive understanding of the tourism sector and the vitally important role that it plays in the region's ongoing growth and development. Craig possesses a wealth of knowledge and diverse management experience across the key industry sectors of major attractions, marine operations, eco-tourism and boutique accommodation. His strategic approach to business combined with long term vision and extensive marketing and brand management experience has resulted in his ability to consistently achieve tangible results with proven and measurable success.

Public Fund

Management Committee Members

The Public Fund Management Committee Members for the year 2018/2019 comprised:

Professor Chris Margules AM

Chris is internationally recognised for his work in conservation biology and conservation planning. He is an adjunct professor at James Cook University, a research associate at the University of Indonesia and is a member in the General Division of the Order of Australia (AM) in recognition of his contributions to science.

Professor Steve Turton

Dr Steve Turton is now retired but holds an Adjunct Professorship in Environmental Geography at CQ University in Cairns. From 2005-2016, he held a number of senior roles as director and professor at James Cook University in Cairns. From 2003-2005, he was an Associate Professor in Geography and Director of Research for the Rainforest Cooperative Research Centre. Steve is a former Councillor of the Institute of Australian Geographers (2004-2007 and 2011-2012) and former member of the Wet Tropics Management Authority's Scientific Advisory Committee (2004-2011). He was also honorary Treasurer of the Association for Tropical Biology and Conservation (ATBC), Asia-Pacific Chapter (2010-15). In 2009, he was appointed to the ATBC Council for a 2-year term. In 2010 he was a member of the Engineering & Environmental Sciences Panel for the Australian Government's Excellence in Research Australia initiative. Steve is a Past President of the Australian Council of Environmental Deans and Directors, Past-President of the Institute of Australian Geographers and current chair of the national committee for geographical sciences, Australian Academy of Science. Steve was also an expert reviewer for the Intergovernmental Panel for Climate Change (IPCC) Fifth Assessment Report, Working Group 2 (Impacts and Adaptation). Steve is a Distinguished Fellow of the Institute of Australian Geographers, recognised for his distinguished service to Australian geography.

During the year three meetings of the Ska rail Rainforest Foundation Public Fund Management Committee were held.

Opinion

We have audited the financial report of Skyrail Rainforest Foundation Limited (the Entity), which comprises the statement of financial position as at 30 June 2019, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial report, including a summary of significant accounting policies, and the directors' declaration.

In our opinion the accompanying financial report presents fairly, in all material respects, the financial position of the Entity as at 30 June 2019 and of its financial performance and its cash flows for the year then ended in accordance with the basis of accounting described in Note 1.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report. We are independent of the Entity in accordance with ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter - Basis of accounting

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared to assist the Entity to meet the requirements of the members. As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Other information

The directors are responsible for the other information. The other information obtained at the date of this auditor's report is information included in the Directors' Report, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the Financial Report

Management is responsible for the preparation and fair presentation of the financial report, and have determined that the basis of preparation described in Note 1 is appropriate to meet the requirements of the members and for such internal control as management determines is necessary to enable the preparation and fair presentation of a financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditor's responsibilities for the audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website (<http://www.auasb.gov.au/Home.aspx>) at:
